AUTHORITY: 30 U.S.C. 1201 *et seq.*, unless otherwise noted.

SOURCE: 47 FR 35633, Aug. 16, 1982, unless otherwise noted.

§ 840.1 Scope.

This part sets forth the minimum requirements for the Secretary's approval of the provisions for inspection and enforcement by a State of surface coal mining and reclamation operations and of coal exploration operations which substantially disturb the natural land surface, where a State is the regulatory authority under an approved State program.

§ 840.10 Information collection.

(a) The collections of information contained in part 840 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1029-0051. The information is being collected by States for use in assessing penalties as evidence in enforcement cases and as an inspection management record. The obligation to respond is required to obtain a benefit in accordance with 30 U.S.C. 1201 *et seq.*

(b) Public reporting burden for this information is estimated to average 3.7 hours per response, including the time for the reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of infor-

mation, including suggestions for reducing the burden, to the Information Collection Clearance Officer, 1951 Constitution Ave, NW, Room 640, NC, Washington DC 20240; and the Office of Management and Budget, Paperwork Reduction Project 1029-0051, Washington, DC 20503.

§ 840.11 Inspections by State regulatory authority.

(a) The State regulatory authority shall conduct an average of at least one partial inspection per month of each active surface coal mining and reclamation operation under its jurisdiction, and shall conduct such partial inspections of each inactive surface coal mining and reclamation operation under its jurisdiction as are necessary to ensure effective enforcement of the approved State program. A partial inspection is an on-site or aerial review of a person's compliance with some of the permit conditions and requirements imposed under an approved State program.

(b) The State regulatory authority shall conduct an average of at least one complete inspection per calendar quarter of each active or inactive surface coal mining and reclamation operation under its jurisdiction. A complete inspection is an on-site review of a person's compliance with all permit conditions and requirements imposed under the State program, within the entire area disturbed or affected by the surface coal mining and reclamation operations.

(c) The State regulatory authority shall conduct such inspections of coal explorations as are necessary to ensure compliance with the approved State program.

(d)(1) Aerial inspections shall be conducted in a manner which reasonably ensures the identification and documentation of conditions at each surface coal mining and reclamation site inspected.
